S.HARI PRASAD
JAVA FULL STACK DEVELOPER

8520938972 | hariprasad281204@gmail.com | linkedin.com/in/hari2812 | hari-prasad-portfolio-rho.vercel.app

SUMMARY

Java Full Stack Developer with hands-on experience in developing and maintaining web applications using **Java, Spring Boot, JDBC, MySQL, JavaScript, HTML5, CSS3, and REST APIs**. Experienced in backend development, database integration, responsive frontend development, API integration, debugging, and application performance optimization. Strong foundation in **Object-Oriented Programming, Data Structures and Algorithms, API Development, and Database Management**. Demonstrated ability to collaborate with teams, troubleshoot application issues, and build scalable, production-oriented software solutions.

TECHNICAL SKILLS

Programming Languages: Java, JavaScript, Python (Basic)
Java & Backend Technologies: Java, Spring Boot, JDBC, Hibernate, REST APIs
Web Technologies: HTML5, CSS3, JavaScript
Databases: MySQL
Frameworks: Spring Boot
Tools & Platforms: Git, GitHub, Visual Studio Code
Core Concepts: Object-Oriented Programming (OOP), Data Structures & Algorithms, API Development, Database Management
Soft Skills: Problem Solving, Communication, Teamwork

PROFESSIONAL EXPERIENCE

Software Developer Intern — Mopuri Business Solutions | 2026

1. Backend Workflow Automation
   - **Built and optimized server-side logic using Java and JDBC, streamlining application workflows.**
   - **Integrated databases and APIs to handle large-scale data operations.**
   - **Impact: Reduced query response time by ~20%, improving application efficiency.**
2. Full-Stack Application Development
   - **Designed and implemented frontend interfaces with HTML5, CSS, and JavaScript, ensuring responsive layouts.**
   - **Connected frontend components with backend services for seamless data flow.**
   - **Impact: Enhanced user experience, increasing UI responsiveness and reducing page load time.**
3. Debugging & System Stability
   - **Identified and resolved backend issues, improving system reliability.**
   - **Collaborated with team members to test and deploy fixes.**
   - **Impact: Improved application uptime and reduced bug recurrence by ~30%.**

Trainee | Full Stack Developer (Java) — KodNest, Bangalore | Dec 2025 – Present

- Developed mini-projects using Java, Python (basic), HTML5, CSS, and MySQL.
- Built responsive web interfaces and integrated backend logic with databases.
- Debugged and optimized code, reducing errors and improving performance.
- Applied OOP and data structures to solve real-world problems.

PROJECTS

HouseHunt – House Rental Platform

Technologies: Java, Spring Boot, React.js, MySQL/H2, Maven, Docker, REST APIs

GitHub: https://github.com/Hariprasad2812/HouseHunt

- **Developed a full-stack house rental platform using React.js for the frontend and Java Spring Boot for backend development.**

- **Designed backend REST APIs to support communication between the frontend and server-side application.**
- **Integrated database support using MySQL/H2 for application data management.**
- **Used Maven for project build and dependency management, with Docker Compose support for development and deployment workflows.**

MBS CRM

Technologies: Java, Spring Boot, MySQL, REST API, HTML, CSS, JavaScript

- **Developed a CRM application for managing users, employees, and daily lead activities.**
- **Implemented backend functionality and database integration.**
- **Designed responsive interfaces for managing CRM operations.**
- **Integrated REST APIs for communication between frontend and backend components.**

Emergency Health Alert System Using Machine Learning and Deep Learning — Personal Project

- Built and optimized a supervised machine learning classification model using structured healthcare datasets for patient risk prediction.
- Conducted exploratory data analysis (EDA) and applied feature selection techniques to improve model accuracy.
- Evaluated model performance using classification metrics, improving prediction reliability for clinical decision support.
- Integrated a real-time alert mechanism to support emergency response and decision-making.

EDUCATION

Bachelor of Technology, Computer Science *2022 – 2026*
Siddharth Institute of Engineering and Technology — CGPA: 7.04

Intermediate (Class XII) *2020– 2022*
Sri Chaitanya Junior College — Percentage: 47.2%

Secondary Education (Class X) *2019 – 2020*
Sri Chaitanya English Medium School — GPA: 7.3

CERTIFICATIONS

- Trainee, Full Stack Developer in JAVA — KODNEST
- The Joy of Computing Using Python — NPTEL, July–October 2024 (12-week course)
